PEPP Bexar Chapter

*Keeping Informed
Staying Connected
Making a Difference!*

Professional Membership

Stay informed on issues that impact the Engineering community

Participate on committees and stakeholder groups that shape regulations and policies impacting our industry

Develop relationships with:

- Elected officials and regulatory boards and commissions
- Public agency staff
- Engineering, Architectural and Construction companies
- Other industry related organizations and associations

Monthly **continuing education** opportunities and yearly **Ethics** presentation

Executive Director with expertise in contract insurance and indemnity clauses

Public **service opportunities** to serve on local, county and state committees; boards; commissions and stakeholder groups that shape our environment

PEPP Objectives

Support the aims of the Texas and national societies of professional engineers

Advance the public welfare

Promote the professional, social and economic interest of the professional engineer in private practice

Encourage and develop a professional attitude among all professional engineers in private practice

All PEPP activities shall be based on the premise that the professional development of engineers is the responsibility of all engineers working together effectively
